**DECLARATION OF CYNTHIA L. BALDEMOR**

Cynthia L. Baldemor makes this declaration as follows:

My name is Cynthia L. Baldemor. I am over the age of 21 and have never been convicted of a crime of moral turpitude.

I am employed by Adams and Reese, LLP as an Administrative Assistant and am responsible for drafting, copying, mailing and filing intellectual property documents under the supervision of David M. Ostfeld.

I attest that I made a diligent effort to locate the non-signing inventor, Mr. Ashton R. Adams, for presentation of the application papers. On December 21, 2007, I mailed the enclosed letter with enclosures (Attachment A1 of this declaration) dated December 21, 2007 via regular U.S. mail to the non-signing inventor, Mr. Ashton R. Adams, who customarily receives mail at 6208 Red Canyon Drive, #C, Highlands Ranch, Colorado 80130.

On April 25, 2008, I mailed the enclosed letter with enclosures (Attachment A2 of this declaration) dated April 23, 2008 via Federal Express and email to Mr. Ashton R. Adams, who customarily receives mail at 6208 Red Canyon Drive, #C, Highlands Ranch, Colorado 80130. The enclosures with the letter dated April 23, 2008 contained a complete copy of the specification, drawings, claims, and declaration (Attachment A3 of this declaration). It is my

belief that Mr. Ashton R. Adams received the materials and stated that he would execute the Declaration but never did. To date, we have no correspondence from Mr. Ashton R. Adams showing his signature.

On May 22, 2008, an e-mail (Attachment A4) was sent to Mr. Ashton R. Adams resending all documents as provided in Attachment A3. To date, no correspondence has been returned by the U.S. Postal Service and no notification from Federal Express has been received that the package was undeliverable.

I hereby declare that all statements made herein are my own knowledge and are true and further that these statements are made with a knowledge that false statement and the like are so made punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the present application identified above, or any patent issued thereon.
